HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD ...S AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr William Galpin, of 70, St Mary's street, Weymouth, dated May 15th, 1851

To Professor Holloway,

Sir,—At the age of 18 my wife (who is now 61) caught a violent cold which settled in her legs and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried but without effect; her health suffered severely and the state of her legs was terrible. I had often read your advertisements and advised her to try your Pills and Ointment and as a last resource after every other remedy had proved useless, she consented to do so. She commenced six weeks ago and strange to relate, is now in good health. Her legs are painless without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years and contrast them with her present enjoyment of health you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS' STANDING

Copy of a Letter from Mr. Wm. Abbs Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31 1851

To Professor Holloway,

Sir,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice without deriving any benefit and was even told that the leg must be amputated yet in opposition to that opinion your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P England, Chemist, 13 Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor Holloway,

Dear Sir,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER

The Pills should be used conjointly with the Ointment in most of the following cases

Bad Legs	Corns (Soft)	Scalds
Bad Breasts	Cancers	Sore Nipples
Burns	Contracted and Stiff Joints	Sore throats

The People's Medicine!

DR. LANGLEY'S

Sarsaparilla, Yellow Dock Wild Cherry, Prickly Ash, Dandelion, Thoroughwort and Rhubarb

ROOT and HERB BITTERS!

Decidedly the greatest Medicine in the world for the least money.

"Buy me and I'll do you good."

THIS invaluable compound has now been before the public three years during which time nearly Three Hundred Thousand Bottles have been used thus proving it the most popular Medicine of the age. No poisonous drugs of minerals, such as Opium Antimony or Mercury, under any of their hydra headed, kill-all forms, compose any part of these Bitters. The medicinal virtues of the best Roots Herbs and Barks in the world are so compounded as to act in concert with nature. They cure and eradicate from the system Liver Complaint—that main wheel of so many diseases—Jaundice Bile, Dyspepsia Costiveness Humors of the Blood and Skin Indigestion Nervous Head ache Piles General Debility, and the host of kindred diseases arising from a disordered stomach, or bad humory blood. On the approach of warm weather most persons are troubled with Languor Drowsiness and general lassitude of the system. This if neglected leads to Jaundice, loss of Appetite, Indigestion, Debility and decline. Langley's Bitters are just the thing to obviate all difficulties of the kind. They regulate the bowels, stimulate the circulation purify the blood and by a constant use keep off diseases so common in Spring and summer. Coughs and Colds, are by its use broken up and cured at once. In short, this medicine is safe for all ages and conditions and in all climates. It always does good, and never does hurt. No lying certificates, no flaming handbills or costly wrappers are used to puff it into notice. All who try them will say as more than 200 000 persons can testify, that one Bottle will do them more good than forty Latin prescriptions of poisonous drugs, by which so many persons are annually killed.

The effect of this medicine upon the system is most wonderful—its healing, cleansing and purifying qualities operate with magic-like power upon all classes of diseases for which they are recommended. All who use them like them, because they ARE what they PROFESS to be.

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U.S. PATENT OFFICE, *WASHINGTON*

No. 22 State Street, . . Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, *where by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works decisions, &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY Esq of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

Abdominal Supporters of five or six different kinds and such as Hull's Chapin's Spinal Cutter's, Fitch's, Ingalls, &c &c.

☞ Ladies waited upon by Mrs Caroline D Foster at the above place.

The following certificate from Dr John C Warren of Boston, was given 15 years since, but will last forever.

Boston January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr. Beath. After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C WARREN, M D, Boston

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary.

The undersigned having occasion to employ Mr J Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren as a sufficient guaranty for all who may favor Mr F, that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation.

ALTHOUGH these works are distinguished by the political shades above indicated yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood,* still under the fatherly care of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel" (both by Bulwer) "The Green Hand" "Katie Stewart" and other serials of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood after it has been issued by Messrs Scott & Co. so that subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

Money Affairs.

[illegible] ...ston Journal states that the money pressure continues with unabated severity, and [illegible] stampede in the Stock market is the consequence. The fancies suffer most in the general depression, but the whole market has a weak and disreputable aspect.

[illegible] Money stringency is extraordinary and [illegible] the general condition of matters, and we [illegible] it too unnatural to last. Foreign [illegible] continues dull at rates below the [illegible], and no coin is leaving our shores [illegible] sudden changes in the monetary affairs [illegible] country should induce great caution and [illegible] fore-laying. The New York Times [illegible] the past history of affairs as a beacon of caution to the future. It says that this country was never pronounced so prosperous and happy, as on the 4th of March, [illegible] President Jackson transferred the [illegible] Government to Mr Van Buren, and [illegible] that very day a series of the most disastrous [illegible] wide spread mercantile bankruptcies [illegible] at New Orleans and New York [illegible] months carried down all the [illegible] the country, and after a vain struggle [illegible] years involved the wealthiest States of [illegible] in discredit and repudiation. None [illegible] were preceded by preliminary signs of [illegible]. They began in a sudden change in [illegible] course of the money market, not wholly [illegible] that which has been witnessed for a few [illegible] past, and which affords unmistakable [illegible], that unless some of the seals of trade [illegible] banking are reefed, and that speedily, a general shipwreck may ensue. The fact is all [illegible] not to provoke alarm, but, if possible, to induce caution. The most fervent wish of [illegible] heart is, that the new Administration [illegible] pass through a term of unexampled [illegible] for the country, but such may not [illegible] a four year's history, if the spirit of adventure and the tendency to extravagance be not [illegible].

The Clipper Ship Flying Arrow.

[illegible] some additional particulars regarding [illegible] to this beautiful ship, and we feel [illegible] in the matter from the fact that [illegible] of passengers from Maine, were on [illegible] of her, and among them, Mrs. William [illegible] and her three children, of this city. [illegible] only four days out a heavy gale was [illegible] which disabled the ship, and for [illegible] two days she was at the mercy of the [illegible]. At one time all hope of ever [illegible] a port in safety was despaired of by [illegible] and crew, but by the unceasing efforts [illegible] Capt. Treadwell, jury masts were [illegible], by which means the ship was enabled [illegible] the islands of Anguilla and Sombrero, [illegible] hence she was towed by the British mail [illegible] Great Western to St. Thomas. Al[illegible] in sight of the island, what would [illegible] been the fate of the vessel and all on board, [illegible] fallen in with the steamer, is be[illegible] power of man to predict as the wind [illegible] called her so that she could not have [illegible] the harbor.

[illegible] leaders of the Maine democracy are [illegible] Washington for the purpose of dividing [illegible] spoils among the faithful. It is said that [illegible] various offices in the country are to be im[illegible] filled by those with political sympathy [illegible] accordance with the new administration. [illegible] The prospect is that George P. Sewall, [illegible] Oldtown, will be appointed Collector [illegible] district, and Col. Isaac C Haynes, editor of the Democrat, Postmaster for this city. [illegible] Colonel is always consistent in his political [illegible] — is always to be found in the same [illegible] with unflinching front and has a regular [illegible]. He would fight a political battle alone [illegible] with a host, and if he knew he should [illegible] to perdition in the conflict. He has [illegible] a most decisive victory over the masses of [illegible] party, and brought them all to the [illegible] of his theory and measures. Politi[illegible] Colonel is fairly entitled to the office, [illegible] doubtless get it.

Citizens Caucus held at the City [illegible], for the purpose of nominat[illegible] for Mayor Col. William H [illegible] Chairman and S C Hatch [illegible] number of votes 270 GEORGE W [illegible]ERING, Esq had 258—scattering 12 [illegible]. That the several Ward Caucuses be [illegible] on Saturday Evening, at 7 o'clock at their respective places of voting for the purpose of nominating Ward officers.

☞ It is a good time, during the present vacation in the public schools, for pupils to acquire the art of Penmanship at Fessenden's popular [illegible] on Main street. Mr Fessenden teaches [illegible] style, as the many fine specimens [illegible] rooms fully attest. [illegible] art of penmanship is too important to be [illegible], and when one is learning it there is [illegible] in having an accomplished teacher [illegible] with his apt suggestions and valuable [illegible]. Every creature that can think [illegible], should learn to write and to write [illegible] and beautifully, and this can be done if [illegible] steps are taken.

☞ The Savannah Republican has a letter from a correspondent residing at Matanzas, [illegible] gives quite a different account of Vice-[illegible] President King's health from that brought by [illegible] Jones, his private secretary. It says that [illegible] cough is constant and harrassing, his feet so [illegible] swollen that he cannot move, and that his case [illegible] was regarded as hopeless by himself and those around him.

☞ An arrival at Providence brings later intelligence from the Cape of Good Hope. Another engagement had taken place between the Kaffirs and the British troops. The former were defeated, and the chiefs had sued for peace, so that the protracted war in that quarter is probably at an end.

☞ During the month of January the deaths in Havana were 709, or about double the usual mortality at that season of the year.

☞ The Grand County Herald says the annual amount of lead produced from the Wisconsin lead mines, is about 40,000,000 pounds, which, at five cents a pound, (a low enough estimate now,) amounts to $2,000,000.

☞ Advices from Santa Fe to the 1st Feb. have reach Louisville. The journey to St. Louis had been performed without molestation from the Indians, and but little snow is reported on the Plains.

☞ The Rev Mr Seward advises three questions to be put to ourselves before speaking evil of any man — "First, is it true? Second, is it kind? Third, is it necessary?"

☞ The Cambridge Chronicle publishes a list of names of nineteen persons, former residents of that city, who have died in California, and the list is yet incomplete.

☞ The owners of the emancipated slaves in the Danish West Indies, are to receive fifty Spanish dollars per head for each emancipated slave.

☞ The Syracuse Journal states that in some parts of Onondaga county the snow is between two and three feet in depth.

☞ Rev. Prof Shepard will deliver a lecture this evening before the Mechanics Association.

☞ We are requested to call attention to the Ward Caucusses to be held this evening.

☞ The Scarlet Fever is very prevalent in Boston and vicinity.

☞ The clear sun yesterday did much to injure the sleighing in this city.

☞ Snow is from four to five feet deep on the upper waters of the Penobscot.

☞ The Boston Daily Times does us up brown in the following first rate puff:— [illegible] Newspaper Enterprise. The Bangor Whig and Courier had the entire Inaugural address of President Pierce telegraphed to it on the day of its delivery. This, we believe is the first enterprise of the kind any of our down east contemporaries have ever singly undertaken, and it speaks well for the public spirit and liberality of the proprietors of the Whig, Messrs Smith & Sayward.

WASHINGTON, March 7

The contest for the vacant Judgeship is very severe. Downs and Eustis of Louisiana Union, and Campbell, fire eater, of Alabama are the principal aspirants. Downs will probably get it.

Mr Benton has lost his temper, and filed a protest against the appointment of Judge Roblin (Anti Benton) as Commissioner of Indian Affairs, and remarks that his friends should in all cases be appointed to office in this district. Still, Lahn (Anti-Benton) will be Collector at St. Louis.

D K Carter of Ohio, is named for Commissioner of Patents, and may succeed in getting the office.

Col. McNair of Kentucky, will probably be first Postmaster General, vice Jacobs, and Col Whitley of North Carolina, vice Farrelly.

The rush for office is tremendous.

Affray in Washington

Ben McCulloch the noted Texan Ranger had an encounter at Brown's dinner table on Saturday, with Mr West a lawyer from New Mexico. West had insulted McCulloch, who finally threw a glass of water in his face, whereupon the latter knocked West down with a tumbler, broke a pile of dinner plates over his head, and beat him with a chair until he was seriously though not dangerously injured.—Tel. to N. Y. Times.

WASHINGTON, March 7

The Senate has confirmed the appointment of Sidney Webster, Esq., Secretary to the President, as a commissioner for signing Land Warrants, Patents &c. A final adjournment is spoken of on Saturday.

Maine Law in Vermont

To the Editor of the Whig and Courier.

Permit me through the columns of your paper to call the attention of your readers to a statement which has been in several papers that a majority of the towns in Vermont are opposed to the Liquor Law passed at the session of the last legislature. It is a fact that 120 towns of the State, gave majority against the law, while 109 towns went for the law. But a majority of the people, and a majority of the counties of the State went for sustaining the Maine Law.

I have before me now, a (Vt.) paper, giving the returns of all the towns of the State, but one; by which I see *that all the large towns*, have with scarcely an exception, given large majorities for sustaining the law.

For instance Brattleboro gives, Yes 296, No 177. Bennington gives Yes 363, No 118, Burlington give Yes 477, No 144. While the town of "Victory" gives Yes 8, No 14; Westmore gives Yes 1, No 42.

The rum party did their best but they have been beaten. "God bless old Vermont, she stands heart in hand with the noble old Pine Tree State, in the cause of temperance and humanity.

The fact that the *large towns* have by their votes sustained the law, is a significant one, for I imagine the greatest trouble in executing the law in other States, has been, that the large towns have not sustained the law by their votes.

Let the springs be dried up and the streams will cease to flow. Let rum be banished from our large places and it will not be found in the country towns.

A correspondent of the Tribune, gives a scene on the day of voting on the question, which I will quote—"There was one man very busy all the forenoon distributing votes in favor of the law, who was quite "half seas over." His reasons will be found in what he said:" "Here's the votes, gentlemen, the right kind of votes too, with a good large Yes printed on them," as he stood in the passage way. "I goes for the law, for it knocks in the heads of the casks and puts the *cussed* stuff out of my way. Now's your time, gentlemen; walk up and give the Maine Law a boost. I shant be here this afternoon, because, I reckon I shall get a little drunk."

The Green mountains will give "King Alcohol" as severe a tumbling as did "their sires," King George and the Yorkers, and if they do not apply the "Beach Seal" they will close houses of worship, and prevent his subjects longer worshipping at his shrine.

Yours, [illegible]

Judge Shepley, and the Law.

The following opinion of Chief Justice Shepley, was concurred in by a full bench of the Supreme Court of Maine. It covers the whole ground of the law—Seizure, forfeiture and destruction. Read it.—

"The State, by its legislative enactments, operating prospectively, may determine that articles injurious to the public health or to morals, shall not constitute property, within its jurisdiction. It may come to the conclusion that spirituous liquors, when used as a beverage, are productive of a great variety of ills to the people, both in their individual and in their social relations. That the least use of them for such a purpose is injurious, and suited to produce, by a greater use, serious injury to the comfort, morals, and health, and the common use of them for such a purpose, operates to diminish the productiveness of labor to injure the health, to impose upon the people additional and unnecessary burdens, to produce waste of time and of property, to introduce disorder, and disobedience to law, to disturb the peace, and to multiply crimes of every grade. Such conclusions would be justified by the experience and history of man. *If a Legislature declare that no person shall acquire any property in them, for such a purpose,* THERE WOULD BE NO OCCASION FOR ANY COMPLAINT THAT IT HAD VIOLATED ANY PROVISION OF THE CONSTITUTION.

$26,000 from the Boston Churches.

The average annual contributions to the American Board of Commissioners for Foreign Missions from the Boston churches for a number of years past has been about eighteen thousand dollars. Last year, from a variety of causes, it fell below that, though there was an advance in the contributions of the commonwealth at large. [illegible] ... The subscription ... Rising the $25,000 may be estimated at not less than $1,000. This is an advance of more than forty per cent upon the contributions for the last five years. [illegible]

CONGRESS.

WASHINGTON, March 3

EXECUTIVE SESSION

The various committees were appointed.

Mr Clayton, after a few preliminary remarks proceeded to notice Mr Cass's speeches of January last, and also referred to the authorized statement of Mr King, made through Mr Bragg of the House, of which Mr Cass had taken notice. He knew nothing of his relations with Mr Cass he said, which would lead him to expect such treatment at his hands. While the treaty was under consideration, he had held several consultations with Mr King and they both agreed that in the treaty there was to be no recognition of any right of Great Britain to Honduras, they both believing that Great Britain had no other right there than the right of occupancy for certain purposes under the treaty with Spain.

He then contended that this, and nothing else, was recognized by the treaty. He denied that the explanation of the treaty by himself and Mr Bulwer were unknown to Gen Taylor's Cabinet at the time of their exchange, as had been insinuated. He then entered into an historical and political account of the boundaries of Central America, and into an elaborate discussion of this point, as commented upon by the Committee on Foreign Relations. He had just concluded his remarks on this point, when he yielded the floor to Mr Smith on whose motion the Senate went into executive session; after which they adjourned.

The following are the chairmen of the various Committees

Mason, of Foreign Relations, Hunter, of Finance, Shields of Military Affairs, Hamlin, of Commerce, Gwin, of Naval Affairs, Borland, of Public Lands, Bright, of Roads and Canals, Jones of Pensions, Sebastian, of Indian Affairs, Shields, District of Columbia, Broadhead, of Claims, Jones, of Patents, Butler, of Judiciary, Douglas, of Territories, Rusk, of Post Office; James, Public Buildings, Pearce, Library.

☞ It is rumored that Hon F. H. Allen, of Boston, is a prominent candidate for the Consulship of the Sandwich Islands, and James Whitney of the same city, stands fair for the Navy Agency.

☞ An extraordinary religious revival is now in progress in Edgartown, Mass. There have, probably, already occurred upwards of 100 conversions. In some families, every individual is embraced among the converts.

A mechanic in Russia is said to have succeeded in making a steam man. It is probably one of the most interesting inventions ever offered to the public. It is a large colossal statue, the feet of which are placed upon wheels on a railroad, and he goes thundering over the course, the smoke puffing out of his nostrils in a manner to give the appearance of Satan as pictured out in Revelations.

WASHINGTON, March 8

The Virginia Legislature visited the steamship Ericsson yesterday at Aquia Creek, 60 miles below Washington. The usual proceedings incidental to such occasions were gone through with, such as speeches, toasts, &c.

LEGISLATURE OF MAINE.

IN THE SENATE.

AUGUSTA, March 8.

The Bill to establish an Experimental Farm came up for a second reading, and on motion of Mr Moore, it was laid on the table.

Mr Eaton said, he had a plan to propose, which his own judgment compelled him to offer. He did not believe that the business of the State demanded the increase of $1600,000 Bank capital and he offered the following

Whereas this Senate view with deep concern the idea now prevalent in this State and the country, that a large addition to the banking capital of this country is necessary to supply the wants of the country, to aid them to prosecute with success the anticipated increase of business, opening to the enterprize of its citizens, and believing as we do that such anticipations are not founded on a sound basis, judging from the courses and results now before the country, applying to them a sound discretion, aided by the experience of our past history, we are of an opinion that great caution should be exercised, in increasing the circulating medium to such a degree by which the products and labor of our whole country is measured that will tend to increase the indebtedness of the country beyond a reasonable amount and raise the price of property to such a point as cannot be sustained, therefore—

Resolved, That it is inexpedient for the present Legislature of this State, to increase the Bank capital of this State, over one million of dollars

The question was taken by yeas and nays and decided in the negative. Yeas 8 nays 14.

The Bill to incorporate the Maritime Bank Bangor was taken up and discussed and pending the question of its passage, to be engrossed the Senate adjourned

IN THE HOUSE

The House receded from its vote refusing a passage to a resolve to aid the Passamaquoddy Indians in building houses and passed the same to be engrossed in concurrence.

Mr Smith of Calais, from the Committee on finance, reported that that committee be discharged from the further consideration of an order respecting the payment of interest on taxes and that it be referred to the Committee on the Judiciary. Accepted.

Passed to be engrossed—bills additional to charter of Scoudnehunk Dam and Sluice Com., to increase the salary of the County Attorney of Washington County to set off part of Bremen to Waldoborough, to authorize the extension of wharves into the tide waters of Cushing harbor.

The Secretary of State came in with a message from the Governor, communicating information asked for by the House with regard to the Passamaquoddy Indians. On motion of Mr Smith of Calais 600 copies were ordered to be printed.

Mr Smith of Calais called up the resolve appropriating $700 for building a bridge across Mattawamkeag river in Buncroft plantation, and after some explanation by him it was passed to be engrossed.

Queen Victoria is said to be dreadfully alarmed at the idea which perpetually haunts her, that a revolution will drive her from the throne of England. On this fear she is said to have invested the savings of her income in foreign securities, to have the means of subsistence in private life, and it has been said a hundred times over, that her chief investments are in the United States. We have even heard that the Barings have purchased for her, at least half a street of good houses in the city of New York.

The N. Y. Times says of Ex Governor Marcy, the new premier, "He is by association and instincts a Hunker it is true, but at the Syracuse Convention in '51 he upset the richly arranged scheme of the Compromise by defeating the resolutions sustaining the Compromise measures, and Mr Dickinson's course thereon.

H. G. Farrell's Arabian Liniment

TRIUMPHANT OVER DISEASE.

This truly great medicine still goes on, conquering disease, and snatching many a poor powerless victim from the grave. By its powerfully stimulating, penetrating and anodyne qualities, it restores the use of limbs which have been palsied for years, and by its singular power of reproducing the synovial fluid or joint water, it cures all diseases of the joints with surprising rapidity. For rheumatism and affections of the spine and spleen, it has proved itself a specific and for affections of the lungs, liver and kidneys it is a most valuable and powerful auxiliary, also, for all diseases of the glands, scrofula, goitre or swelled neck, etc., etc. And indeed for almost any disease where an external application is required this medicine stands unparalleled, Sprains, bruises, cramps, wounds, chilblains, burns, etc., are speedily cured by it.

From the Hon. Peter Menard, one of the oldest settlers in Illinois.

It gives me pleasure to add my testimony to the virtues of your great medicine. One of my loaded horses had a swelling over the cap of the knee, about the size of a lion's egg. Some said it is a wen, and some said it was the joint water. It is in the knee and could not be cured. I tried all the liniments and ointments, and they did no good. It was nearly a year then, by permission of my friends, tried H. G. Farrell's Arabian Liniment, and I was happy to find it take effect after a few days, and it finally cured the noble animal entirely. I think it decidedly the greatest liniment for horses as well as human flesh I ever knew.

Tremont Tazewell co. Ill. March 16th 1849

PALSY OR PARALYSIS

Thadeus Smith of Mudd Creek, Tazewell county, Illinois says: I had lost the use of my arm more than a year by palsy or paralysis; the flesh had entirely withered away, leaving nothing but skin, muscle and bone. I tried all the best [illegible] but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment and it was soon entirely cured, and my arm is now as strong, and fleshy as the other. It is also first rate for burns, sprains and bruises.

LOOK OUT FOR COUNTERFEITS

The public are cautioned against another counterfeit which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell many will buy it in good faith ... Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Sold by INGRAHAM & FULLER wholesale and retail Bangor. Also by A. F. Kimball, Oldtown; French & Hamlin, Dexter; Co. Parker, Ellsworth; [illegible] Flaherty, Houlton. And by regularly authorized agents throughout the United States.

THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

VEGETABLE PULMONARY BALSAM is probably without a parallel in having, during a period of more than Twenty-five years, fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS THROAT and CHEST It has been used with probably greater success than any other article known and Physicians who have had an opportunity of witnessing its highly salutary effects recommend it as a safe and very efficacious medicine equal if not superior to any other pre-eminent for complaints within their knowledge. The fact of this Medicine was a private recipe of a distinguished Physician in one of the neighboring states, and was preserved by an individual to whom it gave the most astonishing relief It is composed of vegetables, and if used according to directions, must be perfectly safe.

From Messrs Allen & Co., Merchants, Cincinnati —Those persons who have used the Vegetable Pulmonary Balsam, uniformly speak of it as a valuable medicine, and from the quantity sold notwithstanding the number of other preparations used for similar complaints, we consider it first on the list.

Respectfully &c, ALLEN & CO

The Editor of the Seneca Falls Courier says— We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family, in case of a young lady who has been entirely cured of Consumption by the use of it, and also in severe coughs and colds and cheerfully bear testimony to its being a safe, convenient and very efficacious medicine in cases of that description."—Ed Courier

A Clergyman from Philadelphia writes that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family for the last thirteen years and also of recommending it to his friends and considers it an invaluable remedy for all pulmonary complaints.

For the last five years of my practice I have had the best opportunity to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore confidently recommend its use in all complaints of the chest as being equal if not superior to any other medicine within my knowledge.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY IN CONTINANCE OR NOCTURNAL EMISSIONS &c The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy Physical Lassitude, and General Prostration, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years renders it the most valuable preparation ever discovered In fact as a remedy for the above complaints it stands unrivalled and alone There is no other reliable remedy or any that has authentically received the sanction of the Medical Faculty The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the highest names of the faculty of London Paris, and the chief cities of Europe as well as by eminent Physicians in this country It is the only infallible remedy for NERVOUS HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found; the only agent that can administer to MIND DISEASES It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION, thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices It has been said by some that these disorders, emissions &c, were incurable This however is not the fact DR MORSE'S INVIGORATING CORDIAL, has, and is constantly curing these complaints—relieving the mental and bodily incapacity of the unfortunate sufferers, as the following testimony of the names received will conclusively show:

Dr Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using this cordial, thus — It gives me pleasure to inform you that one of my patients while in Boston procured some of your Cordial He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr W "I thought it hardly possible to fetch him ever to regain his full strength, I prescribed the usual medicines used in those cases in the hospital, but they had no effect In the meantime he purchased some of your Cordial, which has affected a cure I am sure no other medicine would I shall ever recommend whenever an opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation And it is equally potent for many diseases for which it is recommended

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases affected radical cures after patients had been abandoned and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever, of its benefiting me—but it has. I feel stronger, have had no emissions since, although it is not three weeks I am satisfied the half a dozen bottles I took will cure me."

Another says—"I had consulted several distinguished physicians Some said I could not be cured, others prescribed this thing and that, but I found no relief until I procured some of your Cordial I must say it completely cured me."

Another says—"I was surprised at the effect your cordial had Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering

CAUTION—Ask for Dr Morse's Cordial and take no other, as there are worthless imitations which its unrivalled excellence fame and popularity, have brought into the market. It will not hurt the most delicate Female, but do good. Beware of all other Cordials, &c., (and try only this)

NOTICE Persons conscious of physical inability from causes above named may confidentially consult Dr Morse personally or by letter, (post-paid) at his office, 78 Sudbury street, Boston. The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address

Dr M is prepared to warrant a perfect cure in every case or take no pay

Prepared by M. Morse M D, New York city

It is put up in pint bottles, with the words Dr Morse's Invigorating Cordial, blown on the glass. Price $3 per bottle; 2 bottles $5, 6 bottles $12, and $24 per dozen.

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world It is entirely of vegetable extract perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast To those unacquainted with this invaluable medicine we say, Give it a fair trial and we promise you a radical cure of Coughs Colds Asthma Bronchitis Whooping Cough Influenza, Spitting of Blood and all Lung Complaints, Chronic Diarrhœa and Dysentery, in all of which cases it should be used internally The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains Chapped Hands, Bruises Burns and all descriptions of wounds are magical Persons troubled with Cramp in the Stomach Side or Bowels, Sore Throat Piles &c by a combined internal and external application of this Anodyne cannot fail of certain and speedy cure The proprietor can produce volumes of testimonials in its favor but prefers to let it carry its own recommendations as it has done for forty years past We ask no man to use it after an unsatisfactory trial In its composition it unites several of the most penetrating and healing specifics known to the materia medica—The inventor of this article was in the constant and successful practice of medicine for more than twenty years

This is to certify that having been troubled for a number of years with a distressing cough and bleeding at the lungs, and receiving no benefit from medical aid in 1848 I was to all appearance in the last stage of consumption My legs swelled so that I was unable to stand or help myself At that time your Liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint I can truly say I think your Anodyne Liniment was the means of saving my life JOHN L ATKINS

Brewer, Sept 29, 1852

Dr Johnson Dear Sir—In consequence of having a fever sore on my leg it become entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment and by using three bottles my leg was limbered and strengthened and for a number of years I have been able to use it about as well as the other I consider myself indebted to the use of your Liniment through the blessing of Providence for the use of my leg and would say to others who may need help in this way try it, and no doubt you will be cured

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION

Copy of a Letter from Mr R W Kirkus Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851

To Professor Holloway

SIR —Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years A customer to whom I can refer for any enquiries desires me to let you know the particulars of her case She had been troubled for years with a disordered liver and bad digestion On the last occasion however the virulence of the attack was so alarming and the inflammation set in so severely that doubts were entertained of her not being able to bear up under it fortunately she was induced to try your Pills and she informed me that after the first, and each succeeding dose she had great relief She continued to take them and although she used only three Boxes, she is now in the enjoyment of perfect health I could have sent you many more cases but the above from the severity of the attack and the speedy cure I think speaks much in favor of your astonishing Pills
